Food For The Needy

Mrs. Parris' Fifth Grade of the Appomattox Elementary School has decided to take the money they would buy Christmas presents for their classmates and send it to C.A.R.E.

One dollar will send 22 pounds for the hungry people overseas. They have collected $12.00, which will send 264 pounds of food. The food will be sent to Hungary through their request.

Because they feel it is more blessed to give than to receive, they will gain the real meaning of Christmas. With all the plenty that we have, wouldn't you like to give to? Send your contributions to C.A.R.E., New York 16, N. Y.

SANTA TO RIDE ON N. & W. STARTING ON FRIDAY

The Norfolk and Western Santa Claus who has been operating on schedule since 1950 starts railroading again this Friday.

The rail-riding Santa will bring cheer to the road's passengers and to young and old along the right-of-way as he hops from train to train between then and Christmas. His pack will hold stockings for children and favors for adults and he will be available as far as time permits to hear the confidences of any child within his ken.

He will roam through cars and stations and everywhere his train stops he will descend to platforms with his booming greeting. In previous years whole schools have suspended to meet him in some localities. But even at unscheduled stops Santa has emerged to greet one or two lonesome urchins.

For Santa is expected now and welcomed at a hundred stops along the line. Seven years ago he was regarded with bewilderment by some passengers and employees who couldn't believe they were being presented small gifts with no strings attached. Some refused, others tried to pay. But people caught on quickly and now probably the first and only regular railroad Santa Claus is anticipated by thousands of friends, large and small.

OAKVILLE P.-T. A.

EIGHT RULES FOR SETTING UP THE CHRISTMAS TREE

Chicago.- Don't risk seeing stars when you try to hang a star on the top of your Christmas tree.

This warning comes from the National Safety Council, because Christmas accidents contributed to the 14,000 deaths from falls last year.

Use a sturdy stepladder, place it as close to the tree as possible, and be careful when you reach for the farthest branch.

The Council points out that the holiday season brings many fall hazards — placing decorations, toys underfoot, boxes and wrappings laid "temporarily" on stairs, slippery walks outside.

Another danger of the holiday season is fire.

"The Christmas tree, filled with natural pitch and resin, is one of the most combustible objects known," the Council says, "and it can burn so quickly it is almost impossible to extinguish the flames by ordinary methods. In case of fire, call the fire department immediately."

To help prevent Christmas tree fires, the Council offers eight simple precautions:

1. Buy a fresh tree. Be wary of trees sold as "fireproof." And don't attempt to flameproof Christmas trees with chemical solutions.
2. Keep your tree in a cold place until ready to use it. Before setting up the tree, saw off diagonally at least an inch of trunk and place base in water-containing holder. Keep water reservoir filled.
3. Locate tree well away from fireplace, radiators, television sets, powerful electric lights and other sources of heat.
4. Use only electric lights, and be sure they bear the Underwriter's Laboratories label. Check wires for defects and loose sockets before putting on tree.
5. Too many light circuits on one outlet may overload house wiring and blow a fuse. Reduce the load if this happens, or connect part to another circuit outlet. Never increase size of fuse, or substitute a penny for a blown fuse.
6. Be sure ends of metallic icicles or other decorations do not dangle into light sockets where they can cause a short circuit and flash fire.
7. Do not operate electric trains or other electrical toys, which may spark, under tree.
8. Take tree down when needles start to fall. Dispose of old trees in fire-safe areas outdoors—never in furnaces, stoves or fireplaces, because they burn with almost explosive violence.
